AS ARE THE MOTHERS SO IS THE NATION.

Female Troubles Unknown to the Indian Squaw. Their Freeness from such Complaints—The Cause of the Remarkable Physiques of their Offspring—The Whole Secret—The Use of Prairie Plant.

CAUSE.—The womb is the seat of all "Female Weakness." It becomes inflamed, thickens and grows heavy with congested blood or serum. The unnatural weight of the swollen organ forces it forward and downward through the vagina or opening passage, and in severe cases, were it not for the aid of an artificial supporter, the womb would protrude from the body. This results in inflammation, ulcers, tumors, and often cancers form, the whole system becomes disorganized, and the victim suffers untold agony.

SYMPTOMS.—The enlarged womb pressing against the spinal nerve, causes headache, general nervous disorder, despondency and often insanity. The swollen, sodden womb bears down on the bladder, causing inflammation and frequent and painful urination. Other symptoms are leucorrhea, desire to weep, so-called "liver spots," dark rings about the eyes, bearing-down pains, and soreness in the lower part of the abdomen.

CURE.—There is but one way to cure "Female Weakness." The remedy must be applied directly to the seat of the trouble. All the medicine in the world, if taken internally, will not bring relief. The safest, surest, best remedy for this malady was discovered hundreds of years ago by the Kickapoo Indians. They called it by a name which means in English, PRAIRIE PLANT. It is made entirely of herbs. Is absolutely harmless, and is the same to-day as it was when used by the Indians centuries ago.

ACTION.—PRAIRIE PLANT rapidly reduces the womb to its normal size by absorbing the serum. It allays all inflammation, heals ulcers, and even cures ovarian tumors.

DON'T STOP.—With only a few trials because you begin to feel better. Don't expect to cure a disease of a year's standing in a week. A fair trial will positively effect a wonderful cure in such troubles as Flooding, Menstruation, Change-of-Life Troubles, Inflammation, Ulceration, Congestion and Falling of the Womb, Leucorrhea, Dropsy of the Womb, Anteversion, Tumors, Ovarian Congestion and Inflammation, Cancers (early stages), and makes child-birth easy.

THE KICKAPOO INDIAN REMEDIES

Have acquired a wide-spread fame and have done more to help suffering humanity than any other medicines. This is not surprising when it is remembered that the Indians are not only the most healthy, but probably the oldest race in the world ; and their natural and practical knowledge of medicine is the result of progressive study, and steady experience, which has been acquired, increased, and handed down from generation to generation. They have been born in nature's bosom and reared in nature's lap ; hence the mysteries of all nature is an open book to them. They live up to nature's laws and partake of nature's remedies, and this gives them the healthy lungs, superb muscular power, strong constitution, luxuriant hair and sound white teeth for which they are noted. No one has ever seen a deformed or a bald-headed Indian. No form of epidemic disease

has ever developed among them ; nor do they suffer from rheumatism, dyspepsia, neuralgia, liver complaint, kidney disease, or any of the thousand and one ills with which the rest of mankind are afflicted. They live longer than any other race, and as a rule die only from old age. Their women are healthy, strong, straight as reeds, with supple, graceful limbs, bright eyes, abundant hair and skin as clear and smooth as polished bronze. The Indians are also bright, and quick of perception, and of all the tribes, none are more intellectual than the Kickapoos, and they have discovered superior medical qualities in certain barks, roots, herbs, gums and leaves, never ascertained or applied before. No metallic or mineral substances ever enter into the composition of their remedies, and the peculiar compounding of their medicines is known only to themselves. These Kickapoo doctors now manufacture Eight Special Remedies :

**Kickapoo Indian Sagwa,
Kickapoo Indian Oil,
Kickapoo Indian Cough Cure,
Kickapoo Indian Pills,**

**Kickapoo Indian Prairie Plant,
Kickapoo Indian Salve,
Kickapoo Indian Worm Killer,
Kickapoo Soap,**

all made from the medicinal properties of herbs, roots, barks, flowers, leaves, etc. Although simple in their nature they are wonderful and efficacious in effecting cures, in all cases where recommended.

Miscellaneous First Events.

- First Leathern Gloves invented in France 790.
- First Balloon ascended from Lyons, France 1783.
- First Gunpowder invented by Schwarz 1320.

Sources of Disease.

We are prompted to make known a few facts concerning the various forms of diseases which are increasing throughout the world, because of the dreadful, wide-spread and fatal havoc they are creating. From what sources do they spring? It is well known, that the two most important organs in the human body are the stomach and liver; they are the all-powerful factors in determining the conditions of health or disease. The system looks to the stomach for nourishment, where, in conjunction with the lowels, the process called digestion takes place. The stomach is the most sensitive organ of the body, as it is controlled by the brain and nervous system. Overwork of the mental powers draws the nervous influence from the stomach and digestion is retarded. The liver, it is well said, controls the health or happiness of man. When diseased and not doing its proper work, the digestion of food, the heart movements, the vitality of the blood, the action of the brain and the whole nervous system are deranged, and unless relieved, sickness and death must follow. Therefore, if good health is to be enjoyed, the liver and stomach must perform their proper work; as we have plainly stated, that nineteen-twentieths of all diseases of the human body arise from disorder of these two organs. The list of these complications is a heavy one and includes all kinds of bilious disorders, dyspepsia, headaches, constipation, female weakness, various bodily pains, neuralgia, rheumatism, kidney difficulties, colic, bilious diarrhoea, heart disease, nervousness, fevers of all types, malaria, fever and ague, and even the yellow fever in the South.

If the stomach is sound and the liver healthy, all these sufferings could be avoided. A universally healthy condition has never yet been attained, and never will be. To the end of time disease of some shape will exist and claim its victims from year to year.

First Chloroform discovered by Soubeyran 1831.

First Meerschaum Pipe made in Hungary 1728.

First Egyptian Pottery made B. C. 2000 years.

First Fire Engine invented by Ctesibus, B. C. 250.

First Cotton Paper was used for Pápal Bulls 900.

First Recorded Hindu drama "Rape of Sitka" 500.

First Ship arrived at Rhodes from Egypt B. C. 483.

First Maps originated by Anaximander, B. C. 600.

First Eclipse on record is that of the Moon, B. C. 720.

First Almanac printed by George Von Far-back 1460.

First Automobile (horseless) carriage, Paris, France 1892.

First Ship sailed around the world (Magellan) 1519.

First Hats introduced in Paris by a Swiss artist 1404.

First Circus was built by Tarquinius Priscus about B. C. 600.

First Bank established in Italy by the Lombard Jews 803.

First Sun Dial set up in Rome by Papyrus Curson, B. C. 301.

First Bread made from wheat taught to the Chinese, B. C. 1993.

First Book written according to Chronologists, was in Job's time.

First Diamond was cut by Louis De Burgeun of Bruges 1456.

First Pantomime Dancing during the time of the Romans B. C. 22.

First Plays with a plot written by Livius Andronicus B. C. 240.

First Organs used in the churches of the Greek Empire A. D. 65.

First Organization Order of Jesuits founded by Ignatius Loyola 1540.

First Air Pump made by Otto Von Guericke of Magdeburg 1650.

First Forks used in Italy towards the end of the Fifteenth Century.

First Suspension Bridge made of chains built in China 2000 years ago.

First Dahlia was introduced into Europe from Mexico by Humboldt 1789.

First Wooden Bellows were invented by Hans Lobsinger, a German 1550.

First successful experiment in inoculation for hydrophobia by Pasteur 1885.

First demonstration of the principle of the screw propeller by Bernoulli 1752.

Dyspepsia.

It is safe to say that 99 per cent. of the startling suicides with which our newspapers are filled every day are caused by this dread disease!

Suicide is a thing unknown among the people of so-called savage races. Dyspepsia is found only where civilization exists!

We are fast developing into a race of dyspeptics. And it is an alarming fact that suicide is on the increase! Is not this a subject for thought?

Dyspepsia is a disease that comes on gradually. The first symptoms are belching of wind and feeling of weight in the stomach after meals, lumps in the throat like apple cores, tongue badly coated, with bad taste in the mouth; unnatural formation of gas in the bowels; hot, dry mouth; parched lips; premature decay of teeth; constipation, with piles and headache. If these symptoms are not properly treated they soon develop into a more painful and dangerous form. The disease becomes chronic. The feeling of heaviness in the stomach is followed by sharp, intermittent pains; ulcers form, and the pain is relieved only by vomiting; constipation is followed by diarrhœa of undigested excretions; the mouth not only becomes dry and feverish, but canker appears; the skin is sallow, with unsightly eruptions; sharp pain in left breast; pressure on the heart; causing palpitation at the least excitement; the eyes are weak and lustreless; the headaches increase and are followed by prostration; the depression of spirit is so fearful, the mental strain so great, the mind becomes diseased; the poor victim grows morbid; his life is unbearable, and, in a moment of mental aberration, many a sufferer has doubtless taken his own life. Or, chronic dyspepsia may develop into that dread disease, cancer! The very sound of that word strikes terror to the stoutest heart.

The causes of dyspepsia are various. Irregular mode of living, excessive use of stimulants, careless disregard

THOMAS A. EDISON.

Originator of nearly One Thousand Patents.

of diet, grief, anxiety, overwork—in fact, everything which weakens the stomach may produce it; or it may be sympathetic in its nature, as in liver troubles, congested womb or ovaries in woman.

You now know the symptoms and cause of dyspepsia; we will proceed to tell you why Kickapoo Indian Sagwa will cure it. Sagwa produces an increased activity of the digestive organs; it keeps the bowels free and regular; it strikes to the root of all diseases by purging and cleansing the blood, regulating all its secretions and excretions, plainly showing that it is the natural remedy for dyspepsia; and the unparalleled success Indian Sagwa has met with in the most extreme cases of this tormenting disease justifies us in urging all who are afflicted with this disease to give Indian Sagwa a trial.

Loss of Appetite.

This is a symptom of dyspepsia, but may not manifest itself until some weeks, or even months, after the disease has developed. Sooner or later, however, the appetite diminishes or is lost; the sufferer grows thin; the eyes sunken; the complexion sallow; the voice feeble, and the spirit depressed. At short intervals the appetite may become unusually great and the mind cheerful, only to be reversed by a return of indigestion. If the dyspeptic eats the usual amount as in health, it is followed by hours of distressing pain, and often vomiting. The stomach loses all desire for food; the patient becomes fastidious and hard to please. Kickapoo Indian Sagwa is without question the finest corrective for this state of things. It gives tone to the stomach, stimulates the gastric juice and restores the appetite.

SICK TEN YEARS.

Fayette City, Missouri.

I wish to tell you what the KICKAPOO INDIAN SAGWA has done for me. I was sick for ten years and I tried all the doctors in the neighborhood and found no relief. I often felt that death would be a welcome messenger for me. I was a mere skeleton until eight years ago this summer when your Indian Show came to the town of Scotland and I purchased a bottle of SAGWA and took it according to directions. In a few days I felt better, and when I had taken another bottle I felt well, and have taken no medicine since that time. I am in perfect health and weigh 164 pounds and I feel that I owe my life to KICKAPOO INDIAN SAGWA.

MRS. G. G. WARRICK.

First Mariners' Compass constructed by Hoang-ti, Chinese emperor, B. C. 2634.

First Tragedy performed on a wagon at Athens by Thespis of Icaria B. C. 536.

First Stage and Dresses introduced in theatrical representation by Aeschylus, B. C. 486.

First Artificial Limb on record, iron hand of the German Knight, Gotz Von Berlichingen 1513.

First Rifle capable of firing eighty shots a minute invented by Captain Cel, Rome, Italy 1897.

First use of Hops for an intoxicating beverage and medicine by the Egyptians 2000 years B. C.

First Meteorological establishment in Europe erected by the astronomer Adronicus B. C. 159.

First Hospital for Invalids erected at Constantinople by Commenus about the end of the Eleventh Century.

First Miscellaneous Newspaper Advertisements appeared in a Dutch black-letter newspaper Nov. 21, 1626.

First Saw Mills were erected in Germany on a small river called the Ruer or Roer about the Fourth Century.

First Regular Drama acted in Europe, the "Sophoriesba" of Trissius, performed at Rome in the presence of Pope Leo X. 1515.

First Theatrical Exhibitors were Susarion and Dolan; they performed the first comedy at Athens in a wagon on four wheels, for which they were rewarded with a basket of figs and a cask of wine, B. C. 592.

CAN EAT ANYTHING.

Newport, Rhode Island.

I have been suffering for the last five years with indigestion and spent many a hundred dollars and tried many different doctors and could not get cured. I tried one bottle of the KICKAPOO INDIAN SAGWA and now I can eat anything without being distressed.

ELMER E. TUCKER,
Foreman Bowen's Coal Yard.

Liver Complaint.

The liver is the largest organ in the body, and has many important functions. The chief of these is to secrete the bile from the blood of the spleen, intestines and stomach. When it fails to do this there is trouble at once, and, among the many diseases liable to this organ may produce congestion or enlargement of the liver, abscess of the liver, fatty liver, and what is commonly known as gin-drinkers' liver, etc. In all these cases the liver is morbid and sluggish, together with various other symptoms, such as furred tongue, with bad taste in the mouth; a dull, heavy pain in the head; sickness at the stomach; rising in the throat of a sour fluid, which is of a somewhat pungent character; the eyes and skin become a greenish yellow color; there is dizziness of the head and spots before the eyes; pain in the right side under the shoulder-blade, with hacking cough; the breathing is oppressed, the pulse quick and irregular; the urine is high-colored, sedimentary and scanty; there is more or less dropsy of the abdomen and lower extremities, with cold hands and feet; the kidneys, forced to do double work because of the sluggish action of the liver, cause pain in the back and heat in urination; the nerves are affected; the sufferer becomes cross, fretful and everything goes wrong. As previously stated, the liver has become clogged with bile, and, instead of passing off in its natural channels, has worked its way into the blood; and bile in the blood is poison. This makes it plain that full doses of Indian Sagwa must be taken to give free action to the stomach and bowels, stimulate the torpid liver to a healthy activity, and force the troublesome and dangerous bile which has lodged in the blood back into the channel nature has provided. We emphatically state that Kickapoo Indian Sagwa can do all this, and thousands of our patients can say it has done it.

PROF. SAMUEL F. B. MORSE.

Inventor of the Telegraph.

First formal message sent, Washington, D.C.,

May 24, 1844.

Kidney Disease.

In speaking of kidney disease, which includes all urinary difficulties, diabetes, Bright's disease, etc., it is necessary to remember that among the worn-out materials that the system has no further use for is a large amount of water and various salts which nature passes off in two ways. When the kidneys are healthy a large proportion passes through these organs to the bladder, and thence out of the system and the remainder passes off as perspiration through the pores of the skin. The skin and kidneys in their action assist each other. When the kidneys are overworked, and the skin is out of order, as from cold, these saline waters remain in the system, and become solid, thus forming what is called uric acid, which is a poison. And we all know what to ex-

pect from poisons. Ailments from this cause are so common as to be alarming; and all the more so as kidney disease may long exist without knowing it. If you have dull pains in the loins, and over the region of the kidneys, shooting along the spine, sharp pains on suddenly rising from a stooping position, scanty flow of urine containing greasy froth, albumen, tube-casts, and, as in Bright's disease, sometimes tinged with blood; dropsy, pallor of countenance, heart trouble, fever, preceded by rigor; flatulence of stomach and constipation—in fact, if you have any strange disorder that doctors can not permanently heal, then you have some form of kidney disease, and we advise you to take Indian Sagwa. It is wonderful to note the peculiar penetrating power Sagwa has in all such cases. It permeates through the entire system, not simply purifying the blood by dissolving the hardened deposits in the kidneys, but actually cleansing every portion of the body and literally ridding it of the very germs of disease, thus proving that for Bright's disease and all kidney disorders the best and the most natural remedy is Kickapoo Indian Sagwa.

A GLORIOUS MEDICINE.

Montrose, Missouri.

For years I was a terrible sufferer of Liver and Kidney complaint, combined with dyspepsia. Hearing of KICKAPOO INDIAN SAGWA I procured the remedy, and after taking three bottles consider myself completely cured and I feel like a new man. It is a glorious medicine and deserves the warmest confidence of the people everywhere.

REV. T. WASLER.

All druggists keep KICKAPOO INDIAN REMEDIES because they are by far the most successful and best selling medicines known, and for the plain reason that they cure more people and everybody knows it.

Female Diseases.

The most healthy race on God's beautiful earth are the Indians. They believe in nature—the sun, exercise, roots and herbs. The Indian squaw knows nothing of those distressing complaints peculiar to their “pale sisters,” while it is universally admitted that their increase is alarming in the present generation, and are fast unfitting woman for the higher duty of continuing the race. Owing to the considerations of a delicate nature involved in these diseases, they have too long been shut out from works intended for public distribution. But the sufferings of women and the interest of humanity require us to describe these troubles just as they are, and make known the fact that they can be cured. We will give the symptoms of the different forms of

female diseases in a plain, simple way, so that all may understand. These symptoms include distressing heat flushes and constant headache; pressing on top of the head; hysteria; extreme nervousness, with fluttering action of the heart; weakness and pain in the kidneys, with general sense of heat, aching and dragging-down feeling in lower part of the bowels; this pain often extends to the groins and thighs, with great tenderness of the abdomen, and painful pressure in the region of the bladder; scalding pain in urination; coldness of the feet, numbness of the limbs; irregular and painful menstruation; dyspepsia and obstinate constipation; piles; prolapsus, or falling of the womb, etc.

Women love to look well, and who can blame them? Beauty is their dower. Yet it is not a wonder that so many of them drag on wearily from day to day, their hollow cheeks, sunken eyes surrounded by dark circles, slow step and want of strength, showing only too painfully weakness in the generative organs, when we consider their natural delicacy, which shrinks from treatment by instruments and violent lotions. These lotions treat only the effects, and it is useless to attempt the cure of female diseases until the cause is removed, which can only be done as nature intended it should be, by invigorating and regenerating the finer organism through the general health. To be naturally restored! That is the sweetest music to a great majority of women, who, from the very nature of their ills and ailments, suffer indescribable misery. To all the sufferers nature's own restorer Kickapoo Indian Prairie Plant comes like a God-send. Read what we have to say on the second page of the cover of this book. The price of Prairie Plant is \$1.00 a bottle. Druggists have it or we will mail the remedy on receipt of price. Send two-cent stamp for book on Female Complaints. Address Kickapoo Indian Company, New Haven, Conn.

Constipation.

It is hardly necessary to assert that this complaint is one of the most common to which mankind is liable. It is an exciting cause of a long train of troubles, very often present in dyspepsia. It is this sluggish condition of the bowels which aggravates, if it does not produce, indigestion. There is a great difference in persons in regard to the frequency of the movement of the bowels in perfect health, some being subject to a daily movement, others oftener than this, while some may not perform the office for two or three days, yet each may have good health. Kickapoo Indian Sagwa is the most satisfactory medicine for constipation. It stimulates and cleanses the bowels at the same time.

Heartburn.

This is a symptom of dyspepsia, and a very troublesome one. It is occasioned by a gnawing pain at the pit of the stomach, accompanied with acid, hot and sour eruptions. There may also be faintness and oppression of the stomach, with wind and a watery discharge from the mouth. Kickapoo Indian Sagwa acts like magic for all such cases.

SHE IS SO THANKFUL,

North Paris, Maine.

I will write you as I am taking your medicine, and am so thankful that I have found something that is helping me. I am using KICKAPOO INDIAN PRAIRIE PLANT for female weakness since last August and have found a great relief, and I can't say too much for it. I thought it my duty to write because I was so thankful to get help. Every young lady should use Prairie Plant that is troubled with female weakness.

 First Life Insurance in America in Philadelphia 1812.
 First Electrocution in the state of New York 1890.
 First American Theatre Built, in Philadelphia 1759.

Rheumatism.

Rheumatism being caused by acid or poisonous matter in the blood, is essentially a blood disease, and must be treated as such. The large veins and arteries of the body become smaller as they near the turning points. These points are the joints of the limbs, fingers, toes, and ankles. When the liver becomes feeble and ailing, and the kidneys and bowels do not expel this acid from the blood in the proper manner, the acid remains in the blood and is carried to the small veins of the joints, where, the blood current being slower, this acid lodges, resulting in the aches and pains which are called rheumatism. It visits all cold, damp climates, and is a merciless foe to male and female, rich and poor; few there are who have ever battled with it in either its acute or chronic state who care to engage in a similar contest. In acute rheumatism the symptoms include severe pains in the joints and muscles, with swelling and great tenderness of the parts affected, and agonizing pain at the least movement. These pains are much increased at night, and are manifested through the whole system by loss of strength, shivering, heat, thirst, restlessness, sleeplessness, a white, furred tongue, hard, quick pulse, and the skin is covered with a clammy sweat, instead of being dry as in fever. These pains may attack one joint, or extend to all, and have a tendency to shift from one part of the body to the other, but wherever they are, the Kickapoo Indian Sagwa will find them, and by the peculiar virtues of its herbs, gums, barks, etc., will neutralize the acid, poisonous condition of the blood, and at the same time invigorate the tissues of the important organs of the body, so that the proper evacuations of impurities may be made in the natural way through the kidneys and bowels.

Kickapoo Indian Remedies sold by druggists everywhere. It is neither wise nor safe to be without them.

COL. SAMUEL COLT.

Inventor of first practical Repeating Fire Arms, Patented in England, France and United States 1835.

Melancholy.

The unfortunate person who has passed through all the stages of this deplorable affliction, until he feels that life is not worth living, is indeed an object of pity. How sad to hear the poor victim finding fault even with his nearest and dearest; to see him peevish, irritable, melancholy, haunted by a dread of impending evil; perchance death itself. What happiness can there be for such an one. This is the curse of the dyspeptic, and as sure as relief is not offered death is inevitable! But there is a remedy. In this case as many others, Kickapoo Indian Sagwa comes as a harbinger of peace to both patient and friends; and if a persistent treatment is followed—strict attention to diet and full doses of Sagwa taken—this dread disease soon succumbs.

Malaria.

How many people complain of not feeling well, without knowing "what in the world ails them." They have headache, pains in the back, joints or limbs; bad breath and coated tongue; bad taste in the mouth, poor appetite, feeling of dullness; creepy, chilly sensations; drowsiness by day and unrefreshing sleep at night. These symptoms indicate malaria, and malaria is a poison which may come from low, wet, marshy lands, or may arise in the poisonous gas from any decaying vegetable matter; the last cause being why it appears in seemingly healthy localities. To the multitudes who suffer from this disease we would say that Kickapoo Indian Sagwa soon rids the system of every vestige of malarial poison, and is the best known specific for malaria in all its forms.

EIGHTY YEARS OLD.

Nashville, Tennessee.

I have been a sufferer from Rheumatism for the last forty years, and after trying various remedies I was induced to try KICKAPOO INDIAN SAGWA, KICKAPOO INDIAN OIL and KICKAPOO INDIAN PILLS. I have taken one and one-half bottles of SAGWA and four bottles of INDIAN OIL and one of PILLS. Before I commenced taking KICKAPOO INDIAN REMEDIES I could not get my hand up to my head. Now I can use my arm freely, something I have not been able to do since last Fall. I am now eighty years old.

MRS. LOUISA MABRY,
1208 Heiman Street.

All Kickapoo Indian Remedies are for sale by all druggists everywhere, and exceed in sale all other medicines. The cures and sales annually run into the millions.

FIRST AMERICAN LOCOMOTIVE.

Or. Oliver Evan's "Oructor Amphibolis," Philadelphia, 1840. Constructed to run on land and water.

First Theatrical Company formed in Philadelphia 1748.

First Glass Factory built in the United States 1780.

Second War with Great Britain begun 1812 ended 1815.

Homeopathy introduced into the United States 1825.

George Washington appointed Commander in Chief 1775.

Great Seal of the United States adopted June 20 1782.

Prof. A. Bell's Articulating Telephone produced 1877.

First Power Carpet Loom, E. B. Bigelow, Boston 1839.

First Express Company originated by W. F. Harden 1837.

First Recorded Theatrical Performance in New York 1750.

Breech Loading Guns invented by John N. Hall, Mass., 1813.

Miss Amelia Bloomer wore the first bloomers July 23, 1851.

First President of United States, George Washington 1789.

First Percussion Arms used in the United States Army 1830.

Fever and Ague.

This is also called Intermittent Fever. The first warning a patient has of the approach of this disease is a severe chilling sensation. He shakes all over with a feeling of intense cold; the teeth chatter; the face, hands and skin become pale; the body appears shrunken; the skin is rough and wrinkled, and is commonly known as "goose skin." After an interval of half an hour or so, warmth returns and the system becomes flushed with heat. This is followed by thirst, headache, dry tongue and restless feeling. In about an hour a profuse sweat follows. It is really divided into three stages, cold, hot and sweating; and this is what distinguishes it from other forms of fever. It is caused by malaria in the blood, thus it goes without saying that Kickapoo Indian Sagwa will prove the best remedy.

Spring Medicine.

The reason why every one needs to take medicine in the spring is obvious from the fact that all nature changes at this season. Plants, trees and shrubs put forth new leaves; over hill and dale fresh blades of grass spring up; the rabbit changes color; the horse sheds his coat—in fact, the vegetable and animal kingdoms seem changing to new life. This also is the season when good housewives find it expedient to clean and clear up the dust and rubbish that has accumulated in our habitations. All these changes are necessary in the spring, and is it not more important that human beings should make themselves ready for these changing conditions by cleaning up the human house, thus insuring it against what are called spring and summer diseases?

The reason why every one should take Kickapoo Indian Sagwa as a spring tonic is because it is composed of the most highly curative of the roots, herbs, barks, etc., to be found in nature's garden, and these specifics are gathered and compounded by nature's own children, the Indians, who, having studied the secrets of nature from time immemorial, have acquired a superior knowledge of all that grows under the sun. These facts easily prove why Sagwa cleans out and builds up the human body, expelling impurities of the blood, creating an appetite and healthy digestion, putting the whole system in trim, the functions in working order, renewing vitality and giving strength to resist the heat and ills of summer.

KICKAPOO INDIAN SAGWA cures disorders of the very worst kind, such as require perseverance to deal with—ulcers, scrofula, obstructions, bilious disorders, piles, etc., and almost any obstinate disease gives way by its free use.

Sour Stomach.

This is another symptom of dyspepsia, and is indicated by fermentation in the stomach and bowels, from which rise acid fumes. There is also much belching of wind and general uneasiness. The digestive functions must be corrected and the bowels kept free, and Kickapoo Indian Sagwa is famous for all such cases.

BOLD BUFFALO BILL.

Col. Wm. F. Cody, (Buffalo Bill) speaks in high terms of Kickapoo Indian Remedies. Note what he says in his own words concerning the wonderful results to be obtained by the famous Kickapoo Indian Sagwa:—"I have known of its virtue for a long time, and on the frontier this and the other Kickapoo Indian Remedies are considered indispensable. I had occasion to use Kickapoo Indian Sagwa for malaria and chill with the best of results, it is far superior to quinine. I have also used Sagwa and Kickapoo Indian Oil for rheumatism and was speedily cured. You may use my name and say that for what they claim to do the Kickapoo Indian Remedies have no equal."

VERY MUCH PLEASED.

West Cummington, Massachusetts.

I have been taking your KICKAPOO INDIAN SAGWA and am very much pleased with the results. I think that it is the right medicine for the Spring of the year.

Yours Respectfully
A. C. THAYER.

Send your address and one two-cent stamp to the Kickapoo Indian Medicine Company, New Haven, Conn., and receive by return mail a copy of the "Kickapoo Doctor." A copy of it in the house is just as good as a "resident physician."

JOHN FITCH'S STEAMBOAT.
Patented in several States 1788.

New York Clipper Founded by Frank Queen
1853.

First cut 'used' in a newspaper advertise-
ment in New York 1787.

First Gold discovered in California, Jan. 19,
1848 by Jas. W. Marshall.

American flag first used at Cambridge by
Washington, Jan. 1, 1776.

Oliver Evans of Philadelphia patented the
first steam carriage 1787, (state patent).

Neuralgia.

Neuralgic pains are the result of a morbid condition or irritation of a particular nerve, and generally attack the brain and abdomen; in the latter case they are often attended with disorder of the digestive organs, and when that disorder is corrected and the cause removed, they are lessened or cured. In neuralgia there is no swelling of the part, but a darting, writhing pain, which can only be described as excruciating. It is frequently chronic or of long duration, and is becoming very prevalent in this country on account of climate change. The quickest remedy known is Indian Oil, and must be applied freely. Tonics must be taken, and none stand higher for neuralgic pains than Kickapoo Indian Sagwa.

General Debility.

This is a disease more commonly neglected than any other; for the reason, that the sufferer is able to be up and about most of the time, yet no complaint is harder to bear, or more deserves our sympathy. The patient is prostrated in body and mind; and seems to grow old while yet young. At times the appetite is good, and again fails altogether; there is an irresistible gnawing in the pit of the stomach, the skin is dry, and the body lean; the eyes are clear, but still have a lifeless look; the nose is pinched, there is a general lack of energy and want of ambition to work, read, or even think; the body is racked with strange aches and pains, which shift from place to place; the mind is filled with nervous fears, and apprehensions of trouble; the poor soul starts at the least noise, or will suddenly burst into tears; nothing pleases the persons thus afflicted; they are restless and overcome by a gloom impossible to shake off. What is to effect a cure? Don't take so-called "nerve medicines;" they are narcotics, and are worse than the disease. What you need, is the strengthening, healing, soothing qualities of roots, herbs and barks, which are found in Kickapoo Indian Sagwa, and which will tone up the liver and stomach, and bring back the appetite, and cause the pure red blood to flow briskly through your veins once more; thus bringing health and happiness, in the place of misery and woe.

Sleeplessness.

Indian Sagwa for sleeplessness has acquired widespread fame. And why? That is easily answered: Its healing qualities clear up the whole system; under its influence, the stomach and liver become healthy and vigorous, and the tired brain is soothed; and the martyr to indigestion once more enjoys his rest.

Impure Blood.

The vital fluid which circulates through the body, giving it nourishment and strength, is of the highest importance. There cannot be a healthy condition of the body if the blood is impure. The germs of scrofula, salt rheum, and many other diseases, which sooner or later undermine the health, all arise from impure blood. To insure good health, this state of things must be changed; the blood must be cleansed from all impurities, and allowed free and unobstructed circulation through both veins and arteries. Kickapoo Indian Sagwa is the acknowledged Blood Renovator. Its equal cannot be found in all the science of medicine and chemistry. In all cases of blood disease, Sagwa works like magic.

SAGWA A GOD-SEND.

Chicago, Illinois.

Mr. C. Bauer, 438 Noble Street, suffered with blood poison since 1870. He was partially cured seven years ago, but the disease reappeared five months ago worse than ever. He doctored with the best physicians in this city without avail. I induced him to try a bottle of KICKAPOO INDIAN SAGWA, which he did. After using one bottle he felt relieved. He is using his fourth bottle now and is cured entirely and says that SAGWA is a God-send to people suffering as he did.

J. A. OKONSKI,

Pharmacy cor. Noble and Cornelia Streets.

KICKAPOO INDIAN REMEDIES are an insurance against pain and sickness. It is as advisable to insure your health as it is to insure your life. After reading this it is a duty you owe to yourself and your family, if you have one, to go to the nearest drug-store and provide yourself with the health-giving and pain-destroying KICKAPOO INDIAN REMEDIES.

First regular organized band of Negro Minstrels gave first performance at Chatham Theatre, New York, Feb. 1843.

Scrofula.

In olden times of superstition this disease was believed to be cured by the patient being touched by the royal hand of the king.. It was from this that the disease took the name of "king's evil." A terrible evil it is; and yet more terrible is the fact that in the veins of the majority of people this disease exists. It may be hereditary or acquired, varies greatly in degree, and manifests itself in widely different forms. Scrofula is a more formidable foe than either consumption or cancer, because it combines the worst features of both. It may be the origin of pulmonary consumption or cancerous growth. It attacks the glands, producing lumps and swellings; attacks the bones and joints, causing inflammation and chronic abscesses; it appears in the form of sores on the arms, neck, legs and feet; the eyes or ears may become ulcerated, and it often causes habitual swelling, and catarrh of the tissues of the nose. All cutaneous eruptions and ailments, commonly called "humors," are caused by this deadly taint, which signifies that the blood is laden with foul and putrid matters; and this is the reason why Kickapoo Indian Sagwa is a remedy that has no equal for this loathesome disease. Sagwa has been called the "King of all Medicines for the Blood," and justly, too, as it has proved beyond question its power to cure scrofula—a power that the king alone was supposed to have in the long ago.

It seems strange that so many bright young lives should be wrecked and ruined by secret enemies. How many parents have seen the color go out of the cheeks of some petted household idol, and then with restless sleep, gritting teeth, and even spasms, have not been able to tell what was the matter. Alas! the poor little intestines had fastened to them those horrible parasites which are so destructive to the child's health. KICKAPOO INDIAN WORM KILLER will save the bright young lives.

THE GATLING GUN.

Invented by Dr. Richard J. Gatling,
Indianapolis, Indiana, 1861.

La Grippe.

That dread visitor, "La Grippe," is coming back. Last year the death-rate from this fearful disease was alarming; how will it be this year? You can escape. How? If your blood is circulating briskly through your veins, the chances are in your favor. With pure blood no one need fear diseases. The famous Kickapoo Indian Sagwa is blood-making, blood-cleansing, which means strength, and health. General good health means freedom from specific forms of disease. The Kickapoo Indian Oil also proved wonderfully effectual in thousands of cases of "La Grippe" last winter.

If you live in a remote locality and no druggist or general dealer is at hand, we shall be pleased to supply you with the KICKAPOO INDIAN REMEDIES direct from these headquarters. We will also be only too glad to give any information or advice in our power, and cordially invite correspondence. Address all communications: Kickapoo Indian Medicine Co., New Haven, Ct.

WITH GREAT PLEASURE.

Duxbury, Massachusetts.

With great pleasure I give this testimonial for the good that the KICKAPOO REMEDIES have done in my family. I bought a box of the KICKAPOO INDIAN WORM KILLER and I gave my little two year old child one and a half of the lozenges and she passed lots of worms. My husband is using the KICKAPOO INDIAN SAGWA for a blood trouble and he is benefited wonderfully by it. There is no mistake, the KICKAPOO INDIAN MEDICINES are wonderful remedies. I have all of them in my house and I wouldn't be without them.

MRS. KATE HIGGINS.

ENOUGH TO KILL.

North Gray, Maine.

I wish to give my testimony with the many others that have been benefited by your medicines. The KICKAPOO INDIAN SAGWA has cured me of rheumatism, chills and fever, piles and chronic diarrhoea. The KICKAPOO INDIAN COUGH CURE cured me of a bad cough. I have taken the KICKAPOO INDIAN MEDICINES for several years and do not wish to be without them. I hope some one else may be benefited through my testimony.

DANIEL A. DOUGHTY.

Giddiness, a symptom of fever, dyspepsia, fainting, epilepsy, hysterics, sickness at the stomach, and other affections. Sometimes owing to a fullness of blood, or a rush of blood to the head. In all such cases use KICKAPOO INDIAN SAGWA. It is infinitely the best and simplest remedy. It is also advisable to bathe the head freely from temple to temple with KICKAPOO INDIAN OIL. This in conjunction with KICKAPOO INDIAN SAGWA will be a sure cure.

First patent granted by the United States to Samuel Hopkins of Vermont, July 31, 1790, for making pot and pearl ashes.

First American Locomotive built by Peter Cooper, Baltimore, Md. and first to carry passengers in this country 1830.

First public performance in a regular theatre of a play by an American citizen, "Contrast" by Royal Tyler, April 16, 1787.

Levi J. North, the American Equestrian, at Astley's, London, England, turned the first somersault ever accomplished while standing upon the back of a horse.

Asked and Answered.

The question may be asked if such a perfection of health be enjoyed by the Indians, and such a course of medical treatment pursued by them, why not by the people of this country? Reason and common sense alike suggest that the closer an individual follows the guidance of nature in health, the more promptly will nature come to the rescue in disease, and the more effectual the remedies provided for its cure.

To be born, to live, to die without sickness is nature. To be diseased is unnatural, and can only occur when nature's laws have been violated.

Every mail brings us many flattering letters, a small proportion of which we print, while the great mass of testimonials never see the light of publication. It is an immense satisfaction for us to know that all the Kickapoo Indian Remedies are doing their duty and curing thousands. If they did not fulfil our promises we should lose heart and lose money. No business enterprise can prosper based on falsehood, the truth wins. Every recommendation we publish is a genuine, bonafide voluntary offering which will be found on file in this office. These proofs substantiate every statement made in behalf of the great established herbal medicines. Read them carefully, digest them thoroughly, no candid reader can fail to be convinced. Scepticism departs where truth abides.

A WOMAN'S EXPERIENCE.

Nashville, Tennessee.

This is to certify that I have been a sufferer from rheumatism for the past two years, and have tried numerous remedies without relief. Hearing of the KICKAPOO INDIAN SAGWA, I purchased two bottles and used most all of it and am much improved in health. I can now go up and down stairs with ease, something unknown before. I also used KICKAPOO INDIAN OIL and KICKAPOO INDIAN PILLS, and testify to the merits of both. Hoping that others may profit by this testimonial, I am, respectfully yours,

MISS LOU LASTER.

1028 Scovel Street.

DID WONDERS FOR THEM.

Maquoketa, Iowa.

I can say that the KICKAPOO INDIAN COUGH CURE has done wonders for my wife and self. We keep a bottle in the house all the while and wouldn't be without it.

Yours truly,

KIM ROBINSON.

Horse-shoer, Olive St. near Delmonico Hotel.

A NEW PERSON.

Lake Mahopac, N. Y.

For nine years I have suffered the tortures of a tape worm, two or three doctors tried to remove it but always failed to get the head. A few hours after taking your KICKAPOO INDIAN TAPE WORM SECRET the monster came away head and all—twenty-seven feet long, and I now feel like a new person, and more like myself than I have for years.

Respectfully yours,

MRS. MARY MILLER.

FAD OF THE CENTURY.

First Pneumatic Tire, Patented by R. W. Thompson, 1845; adapted to the bicycle by an Irish Veterinary Surgeon named Dunlap, 1889.

Nervousness.

This disease is most usually a symptom of dyspepsia, and affords another illustration of the intimate relationship existing between the stomach and brain, and, when combined with loss of sleep, appetite and bodily strength, unless relieved, must end in insanity. It is only a healthy body that can produce a healthy mind. Kickapoo Indian Sagwa never fails to effect a cure of this tormenting disease.

BLESSED BABY BOY.

Chicago, Illinois.

My baby boy was three weeks old when his face was completely disfigured with eczema. I tried everything advised by doctors and friends but it was not until he was six months old that a cure was made by the use of one bottle of KICKAPOO INDIAN SAGWA and KICKAPOO INDIAN OIL.

Gentelynnly Yours,

MRS. CHARLES WEXELBERG.
Fernwood Hotel.

ITCHED FOR THIRTY YEARS.

Wauwega, Wisconsin.

This is to Certify that the KICKAPOO INDIAN SALVE cured me of itching piles of 30 years standing, which I contracted during the war. I was in Co. B. 14th Wisconsin Infantry, and I will cheerfully answer any question in regard to my case.

ALBERT SMITH.

BAD BURNS BESTED.

Derby, Connecticut.

KICKAPOO INDIAN OIL is the best thing in the world for burns.

MISS KATIE FITZGERALD.
53 Cannon St.

Kickapoo Indian Cough Cure.

This is the great Indian Vegetable Remedy for coughs, colds, croup, sore throat, influenza, etc.

It contains all the medical virtues of herbs in a concentrated form, combined with some of the best demulcents and expectorants known to the Indians, thus forming a pleasant and agreeable syrup. Thousands of sufferers from these complaints have recommended it.

Kickapoo Soap.

A high-class, pure, medicated soap for the toilet and bath, an aid to beauty, incomparable for the nursery and makes the skin soft and delicate. Best shaving soap manufactured. Good for use in minor eruptions and skin diseases, an excellent cleanser of the hair and scalp. Only 10 cents a cake.

THE GLOBE THEATRE

As it appeared in the Reign of Elizabeth.

English First Events.

 The business of shoeblacking begun 1750.
 First Steel Pens invented 1803 by a Mr. Wise.

Kickapoo Indian Worm Killer.

An infallible remedy for all kinds of worms contained in the human body, viz: Tape worms, the long round worm, etc. This medicine is entirely harmless, being made, as all other Kickapoo Remedies are, of vegetables. It is pleasant to take, being prepared as a confection, in the shape of a lozenge. Children cry for it, although worms are not always confined to the little ones. Adults are often afflicted with worms, without having a suspicion of the fact.

Kickapoo Indian Salve

Is the most comforting and soothing dressing for old and indolent sores ever discovered, it being made of the healing medicinal properties of roots, herbs, barks, etc. No family should be without a box of this Salve in the house.

JUSTICE AND MERCY.

THE BARNUM & BAILEY, Greatest Show on Earth, Department of Publicity, Louis E. Cooke, Genl. Agt.

New York, April 25, 1896.

KICKAPOO INDIAN MEDICINE CO.

NEW HAVEN, CONN.

GENTLEMEN:—Last season we had a bill poster on one of our advertising cars, No. 6, to be explicit, who was either quite ill or shamming and I was not quite sure which as it was his first season with the "Greatest Show on Earth." He might be tired or chronically weary, and I determined to ascertain the facts, and if found constitutionally lazy I was bound in justice to Mr. Bailey to give him his walking papers. Upon inquiry I found that the young man had come highly recommended from his last employer, who vouched for his being "a worker." Upon further investigation I learned that he had put in a good part of the last six months in the South, and I diagnosed his case without consulting any higher medical authority. An M. D. would have held a finger on his pulse and murmured, "Liver, malaria, etc." All I said was "Kickapoo Indian Sagwa" and trotted one of the boys off to the nearest drugstore for the medicine. That same young fellow to-day is putting up more sheets of paper than any man on the car, and I may say retains his position all on account of KICKAPOO INDIAN SAGWA.

Very truly yours,

LOUIS E. COOKE,

General Agent, Barnum & Bailey Show.

\$4.00 WELL INVESTED.

TO WHOM IT MAY CONCERN:—I, Alonzo Zimmers, do hereby state that I have been a sufferer from constant headache accompanied by melancholy, disordered stomach and all its horrible followings to such an extent that I had given up all hope of ever getting any relief, having tried all the doctors in my neighborhood without benefit. Hearing of the KICKAPOO

INDIAN REMEDIES I decided to give them a trial so purchased four dollars worth of the KICKAPOO INDIAN SAGWA and INDIAN OIL against the so-called good advice of my friends and must truthfully state that I received almost instant relief and in one week considered myself on the first train to recovery and at the present writing I consider myself a well man after years of untold suffering. I would not take \$100.00 for the remedies if I could not replace them and would advise all who are suffering from stomach troubles to give these medicines a trial and they will not regret it.

Yours for health,

ALONZO ZIMMERS,

Middleburg, Schoharie Co., N. Y.

HIS HEART IS RIGHT.

Stony Fork, Pennsylvania.

I have taken KICKAPOO INDIAN SAGWA for the heart trouble. It affords me relief and gives me good appetite.

A. J. PUTNAM.

WOMAN WELL WISHER.

West Elizabeth, Pennsylvania.

GENTLEMEN:—Last winter I received a fall which injured my side and I found no relief until I tried your KICKAPOO INDIAN SAGWA and KICKAPOO INDIAN OIL and can positively say that they do all you recommend them to do.

Yours truly,

MRS. JOHN PHILLIPS.

REASON FOR JOY.

Nashville, Tennessee.

I have been suffering a great deal with Stomach Troubles and have been highly benefited by the KICKAPOO INDIAN SAGWA, and will take pleasure in recommending it to all those who are suffering as I was.

Respectfully yours,

MISS SALOMA BUCHLI,

1303 North Market Street.

First Appeal Case in reign of Stephen 1154.
First Photographs produced in England 1802.

First Actual Steam Engine invented by Captain Lavery 1698.

First Watertight Seamless Fire Hose made at Bethnal Green 1720.

First Sunday-school established by Robert Raikes, Gloucester 1780.

First Advertisement published in an English newspaper January 1652.

First Horses used on the stage in "Blue Beard" February 19, 1811.

First Book printed in England by William Caxton, Game of Chess 1491.

First preaching of Christianity in Britain by Augustine and others about 600.

First Discovery of Iodine by Courtois, first employed in a London Hospital 1821.

First known English Comedy, "Ralph Roister Doister," written by Nicholas Udell, a schoolmaster.

First Pneumatic Tire patented by R. W. Thompson 1845, adapted to the bicycle by an Irish veterinary surgeon named Dunlap 1889.

Kickapoo Indian Oil

Is a sovereign cure for rheumatism and all painful diseases. Innumerable cases have been promptly cured by the free use of this Oil when the ordinary methods recommended by medical men have proved entirely useless or injurious.

Kickapoo Indian Pills.

When you take a dose of Kickapoo Indian Pills, you can rest assured that you are not administering a "dead shot" of arsenic, mercury or dangerous mineral drugs, nothing only a mild, gentle vegetable cathartic so much needed to rectify constipation, sick headache, or nervousness.

When you go to the druggist for Kickapoo Indian remedies, insist on getting what you ask for, not something "just as good," or some dead or unsalable stock which the shopkeeper wants to palm off on you. *Don't be fooled!*

Discoveries.

Cortez entered Mexico 1519.

New Zealand discovered 1642.

Magellan discovered Patagonia 1519.

Pizarro's first expedition to Peru 1525.

Pacific Ocean discovered by Balboa 1513

Florida settled by French Protestants 1562.

Iceland discovered by a Norwegian pirate 860.

America discovered by the Northmen A. D. 985.

Hudson River discovered by Henry Hudson 1609.

Christopher Columbus discovered Venezuela and Guiana 1498.

John Cabot discovered the American Continent June 24, 1497.

KICKAPOO DOCTOR

GREAT MEDICAL WORK FREE.

A Book for the Sick Room, with Valuable
Suggestions for the Treatment
and Cure of Diseases.

Four beautiful col-
ored plates.

In all emergencies it is intelligence that tells and gains the mastery. This is especially so in sickness, which often comes suddenly. To know the right thing to do is half the battle. Many a life is lost for want of the right application at the proper time of a simple remedy.

It is the special object of this book to give information and guidance and suggestion that will be found of great service and value in time of need; to describe symptoms, so that in any family the proper and best remedy may be applied; and to give such full information about administering medicines, and the care and treatment of the sick, that every man may in an emergency be his own doctor, and every woman of a household ready to act intelligently as a nurse.

Send us one two-cent postage stamp to pay the postage, and you will get the valuable book by return mail free of charge. Address.

KICKAPOO INDIAN MEDICINE CO.,

New Haven, Conn., U. S. A.

CAUTION.

Owing to the great success and the thousands of cures made by the Genuine KICKAPOO INDIAN REMEDIES, parties without principle or honor have put up spurious imitations, and say they are the same as ours or just as good. Don't be misled; have the genuine or nothing. Each bottle has a Caution Stamp, and if it is broken it has been tampered with. Our signatures are on each bottle or package of the genuine.

Yours, &c.,

Wm. H. Bigelow

SAGWA'S SURPRISING STORY.

HOW TEXAS CHARLIE'S LIFE WAS SAVED BY THE INDIANS.

The adventures of a United States Government Scout. The same Remedy that effected his cure now used throughout the Civilized World.

Some years ago, Mr. Chas. Bigelow, now one of the proprietors of the famous Kickapoo Indian Remedies, was acting as a government scout in the Indian territory. He was known at that time as "Texas Charlie," and while on one of his expeditions was taken

sick with a severe fever, and for a few days lay at death's door. During his sickness he was cared for by an Indian Chief and his family, in whose lodge he lay, so weak that he could hardly raise his eyelids. An Indian doctor visited him, and gave him that now most famous of Indian remedies, Indian Sagwa, and by its use he was snatched from the jaws of death and restored to health, owing his life to the wonderful efficacy and curative power of this medicine. He then endeavored to persuade the Indians to give him the secret of its ingredients. This at first they refused to do, but after much persuasion and many discussions

they at last partially yielded to his request, and the Chief of the Tribe sent East with Mr. Bigelow five of his most renowned medicine men, together with an ample supply of the roots, herbs, barks, gums, etc., used in the manufacture of their medicines. What started thus in a small way has ever since increased, and to-day there is manufactured from similar materials gathered by the Indians themselves, their famous remedies, which have done so much to alleviate suffering of every description.

BETTER THAN KLONDIKE GOLD:

KICKAPOO

INDIAN SAGWA

Is a compound of the virtues of Roots, Herbs,
Barks, Gums and Leaves. Its elements are

**BLOOD-MAKING, BLOOD-CLEANSING AND
LIFE-SUSTAINING.**

It is the Purest, Safest, Most Effectual Medicine known to the public.
—By its searching and cleansing qualities it drives out the—
foul corruptions which contaminate the blood and cause derangement
—and decay. It stimulates and enlivens the vital functions.—
promotes energy and strength, restores and preserves health and
—infuses new life and vigor throughout the whole system.—
No sufferer from any disease which arises from impurity of the blood
—need despair who will give *Indian Sagwa* a fair trial.—
The Sciences of Medicine and Chemistry have never produced so valu-
—able a remedy, nor one so potent to cure all diseases arising—
from an impure blood. *SAGWA* will cure *Constipation, Liver*
—*Complaint, Dyspepsia, Indigestion, Loss of Appetite,*
Scrofula, Rheumatism, Chills and Fever, or any Disease arising
—from an Impure Blood or Derangement of the *Stomach,*
Liver or Kidneys.

Price, \$1.00 per bottle; 6 bottles for \$5.00.

KICKAPOO INDIAN

COUGH CURE.

GOLD HAS NO TERRORS.

*All its Dangers are Easily Overcome by the Use of KICKAPOO
INDIAN COUGH CURE.*

Cold is probably man's greatest enemy. The wild Indian himself feared it more than the savage animal, whose fur he used as a protection. But even the Indian suffered from exposure from the bleak winters, the awful blizzards, and the elements of snow and hail and rain. Had he not known of some natural remedy, there would be few Indians left; but he found it in what is known as KICKAPOO INDIAN COUGH CURE, which is to-day the greatest known preventive and cure for:

Deep-Seated, Hacking Cough.

A Cold in the Head.

A Passing Cough.

Hoarseness.

Sore Throat.

Tonsillitis.

Catarrh.

Croup.

Influenza.

La Grippe.

Bronchitis.

Asthma.

Pneumonia.

Consumption.

The letters telling of what this remedy has done would fill a volume in themselves. It is itself its best recommendation.

Price, 50 cents per Bottle; 5 Bottles for \$2.00.

For Sale by All Druggists.

KICKAPOO

INDIAN

PILLS.

Are purely vegetable and hence have no injurious effect, do not rack the system, and can be taken safely with the assurance that only good results will follow. *Cure Headache, Constipation and Nervousness. Are good for Complexion. A great after-dinner Pill.*

Constipation means the retention of effete, vile matter in the system. It means the turning of the temple of God into a foul, stopped sewer. The bowels cannot hold it all and begin at once to absorb it into the system. Every bit of it is deadly poison. The blood carries it to the kidneys, the liver, the lungs, the womb—all over the body. There the matter is lodged, and dangerous diseases engendered. The practical question now is, "What are constipated people to do?"

TAKE KICKAPOO INDIAN PILLS.

It relieves as nothing else does—so mildly, gently, quickly, permanently. No drastic purging and scouring and pain, but as easily and pleasantly as one falls asleep.

KICKAPOO INDIAN PILLS.

will bring about a wonderful change in the complexion.

Price 25 Cents.

CLEANSING and SOOTHING

REFRESHING and FRAGRANT

Nothing so pure, so sweet, so wholesome as **Kickapoo Soap**, greatest of skin purifying and beautifying soaps. It prevents chafing, redness and roughness of the skin, soothes inflammation, allays irritation, and when followed by gentle applications of **Kickapoo Indian Salve**, the great skin cure, speedily cures all forms of skin and scalp diseases.

Kickapoo Soap is the Only Preventive of Pimples.

Because the only preventive of clogging, inflammation and irritation of the pores, the **CAUSE** of pimples, blackheads, blotches, rough, red, oily skin, baby blemishes and falling hair.

Kickapoo Soap, besides being a delicious and refreshing adjunct to the toilet, will keep the skin white, soft and free from unsightly eruptions. It will allay all irritations and stop torturous itchings. By its use better results can be obtained when the *Kickapoo Indian Remedies* are being taken internally, as it will keep the pores of the skin open, and, owing to its highly medicated properties, counteract the poisons that are being expelled from the system by the medicine.

It is also invaluable in the treatment of sores, wounds, etc., which should be thoroughly cleansed with such a soap, prepared as it is especially, before the application of the **Kickapoo Indian Salve**.

10 Cents a Cake.

All Druggists sell the Kickapoo Indian Remedies.

(OVER)

THE KICKAPOO INDIAN Tape-Worm Secret Remedy.

THE TAPE WORM

itself is white, very long and full of joints. It is generally bred either in the stomach or small intestines, and its existence is frequently due to indigestion or a weak stomach. Its effects, *if not expelled*, are very violent, and in time it eats the very life out of the sufferer. The difficulty has been with the

many remedies that have been *forced onto the public*, that they are either too dangerous for the patient to take, or they only partially expel the worm. The searching properties of this Remedy are such that the worm is expelled—head, body and all. Though the market is flooded with remedies which are all extolled for their expelling power, and for killing the worm, yet no disease has so frequently baffled the physician's skill. Here steps in the uncultured son of the forest, and with nature's remedy sweeps away this frightful disease. Since its introduction, letters and testimonials have poured into the headquarters, speaking in such terms of the Remedy that the success in the East is now fully established. So subtle is this Remedy in its action that there are no disagreeable after-effects which require the use of strong purgatives, and by paying attention to the instructions which accompany each bottle a cure will be surely effected.

NOTICE.—The Kickapoo Indian Tape-Worm Secret Remedy can only be obtained direct from the Kickapoo Indian Medicine Co., New Haven, Conn., U. S. A. Those desirous of, obtaining it, with full instructions and particulars, must address their mail there, inclosing \$5.00, either in Post-Office Money-Order or Registered Letter, as this remedy cannot be purchased elsewhere, and there is no remedy in the world equal to it.

WASHINGTON, D. C. U. S.

DOCTORS ... FREE ...

Medical Advice Without Cost

There are so many people suffering throughout the country, that find it necessary to take our **Kickapoo Indian Remedies** and who have been benefited by their use, that we feel it our duty to be in a position to advise them the best manner to take these wonderful medicines, and especially to recommend which remedies should be taken to more quickly effect cures. For this purpose we have established a corps of physicians at our headquarters in New Haven, who will gladly answer all questions that may be asked of them. If you are ailing, no matter the cause, write us describing your symptoms, and one of our doctors will advise you and prescribe for you free of cost. By adopting this method you may save yourself many weary days of sickness. You will have advice that will enable you to start at once on the road to good health and you will, like thousands of others, live to see the day when you will praise the famous **Kickapoo Indian Remedies** that accomplish such marvelous results. Remember that our doctors prescribe entirely **The Kickapoo Indian Medicines**. All these remedies while remarkably efficient and quick in their action, are positively harmless, as they contain no poisonous ingredients of any description, being made to-day from herbs, barks, roots and gums of the forest in identically the same manner that they have been made by the Indians for centuries. All communications to our doctors will be considered as strictly confidential. We especially invite all women who are sufferers, to communicate with us for advice. **Kickapoo Indian Remedies** can be bought of all druggists everywhere.
